

## COOKIES POLICY

In order to make its services as efficient and easy to use as possible, this site uses cookies.

Therefore, when visiting the Site, a minimum amount of information is entered in the User's device, such as small text files called "cookies", which are saved in the User's Web browser directory.

There are different types of cookies, but basically the main purpose of a cookie is to make the site work more effectively and to enable certain features.

Cookies are used to improve user's global navigation. In particular: They allow you to navigate efficiently from one page to another on the website.

They store the username and preferences entered. They allow you to avoid entering the same information (such as username and password) several times during the visit. They measure the use of services by users, to optimize the browsing experience and the services themselves. They present targeted advertising information based on the interests and behavior expressed by the User during navigation.

There are various types of cookies. Below, there are the types of cookies that can be used on the Site with a description of the purpose linked to the use.

### Technical cookies
